

CITY OF AURORA LEAK ADJUSTMENT REQUEST

The City of Aurora has a practice of issuing utility bill credits for water leaks that are repaired in a timely manner. The city expects leaks to be repaired within **20 days** of discovery. Credits are then calculated based on your average usage for the same period in previous years. This average is deducted from the total consumption used during the time of the leak. An adjustment is calculated based on the excess consumption. The credit amount is then applied to the account.

No adjustment may be given on delinquent accounts, or if a previous credit was given at the same address within the last 18 months. If you have any questions, call our Utility Billing office at 503-678-1283.
